Efforts are being made to have the grade of the highway over Warren mounthe probable action of each town on the question. Should the grade be reduced, it would shorten the distance between those places and Montpelier 13 miles, and would also open up a new section of Vermont to auto travel.

#### Brandon Residence Burned.

Fire gutted the house of Charles L. Stay in Brandon Tuesday morning. The fire department labored under great disadvantages because of frozen water mains, but as soon as a stream could be turned on, did some good work. The furniture on the first floor was saved, but everything on the second floor was destroyed in the flames. The house was a large frame structure on Center street and was considered one of the finest residences on the street. The blaze started from the furnace and there was a loss of about \$5,000, which was covered with in-

### **How to Fight Tuberculosis**

In a paper rend last year before the Beker County Medical Society and published in part in the Louis-ville "Medical Progress," Dr. J. W. Carhart, of San Antonio, Texas, a physician who has devoted much time to the study of tuberculosis, said: "Since lime saits constitute three-fourths of all the mineral substances of the human body, they must be supplied in the foods or supplemented in mineral preparations, or natural starvation ensues with tuberculosis unchecked. The widespread and unchecked spread of tuberculosis and other preventable diseases is due largely to the decalcified (lime lacking) conditions of multitudes throughout the civilised world."

Thus from another authoritative medical source comes justification for the use of lime in the treatment of tuberculosis.

Since this is one of the Ingredicate of Eckaman's Alterative, much

of tuberculosis.
Since this is one of the ingredients of Eckman's Alterative, much of the success attending the wide-spread use of this remedy doubtless is due to the combination of this sait in such a way as to render it easily assimilable. It causes no stemach disturbance, and since it contains neither opiates, narcotics nor habit-forming drugs, it is safe to try.

to try.

Eckman's Alterative has effected remarkable results in numerous cases of pulmonary tuberculosis (consumption) and allied chronic affections of the throat and bronchial passages. In many instances such conditions, apparently, have yielded completely to it.
